

Shane Collison

Originally from Springfield, Missouri, Shane Collison got his start in golf in Myrtle Beach, South Carolina while working at numerous high end private country clubs and custom golf club shops in the early 1990's. Prior to opening Shane's Golf Shop in Naples, nearly 25 years ago, Shane had worked with many of the most renowned clubfitters and club builders in the USA. Shane has been recognized as one of America's Top 100 Club Fitters 10 years in a row.

"My Club Fitting philosophy is simple: Every individual player has different swing and physical characteristics. What I need to do is to find out what works specifically for you and customize the clubs to your swing and body type. Once you have the correct Loft, Lie, Length and Shaft flex in your clubs you now have the right tools to go out and practice and improve your game."

Shane's Golf Shop, conveniently located in The Rookery Golf Academy, at The Rookery at Marco, offers:

- Flight Scope Launch Monitor Analysis. The Fitting Session includes 1 hour of analysis of Swing Speed, Ball Speed, Launch Angle, Back Spin, Ball Flight and Swing Path. We also check lofts, lies, lengths and shaft flex
- Callaway, Titleist and Taylor Made Golf Clubs
- Custom Clubs by Tom Wishon
- Professional and Timely repairs
- Re-Shaft Upgrades
- Same Day Regripping

TaylorMade

Titleist

Callaway

Shane and his staff offer professional advice to help you find the perfect set make up for your game.
